Reference: October Quarterly Report (7/19/08-8/30/08)

Dear Mr. Fusselle:

1. Regarding the values of the "Election Cycle-to-Date" field, these are correct. The donation from American Council of Engineering dated 7/1/08 was incorrect and was corrected in the Amendment FEC 364242 which was filed on 9/25/08. Through this point, that had contributed \$5,000 which is what the report shows.
2. Regarding the failure to file the 48-hour notices:
Webster, Chamberlin & Bean: This was a partnership distribution from the following people at \$400 each: Hugh K. Webster, Arthur L. Herold, Alan P. Dye, John W. Hazard, and Frank M. Northam. As these were each \$400 contributions, I did not believe that it met the standard of a minimum of the \$1,000 contribution.
CBRL Group Inc. PAC: The 48 hour notice was sent on this contribution. It was listed as Cracker Barrel PAC which is the same company, the same address and the same ID number.
Natso, Inc. NATSO PAC: The 48 hour notice was sent on this contribution also. It was listed by their long name that the initials represent: National Association of Truck Stop Operators PAC.
American Council of Engineering Companies: We did fail to file the 48 hour notice on this donation. We have set up a new accounting system to prevent this from happening in the future.
3. Regarding the 48 hour notices that were not reflected on the report:
National Truck Stop Operators PAC: Listed by their pacronym name of Natso, Inc. NATSO PAC.
